Leisure program

The learning journey continues as soon as classes finish! With our comprehensive leisure programme students have the opportunity to really discover their chosen destination.

A two-week language course generally includes a big variety of activities plus at least 1 full-day excursion and 2 half-day excursions (see table below for more details). Of course, students are also given some free time to socialise in the afternoons and evenings!

Supervision

Throughout the trip learners are accompanied by our „Teamers“; young adults between the ages of 20 and 30 who have been specially trained to accommodate the requirements of our young learners. Our Teamers come to us from all over Europe and America, and communicate with students exclusively in the language being taught. Each Teamer is responsible for the supervision of up to 15 students, travelling with the group, leading guided tours and activities, checking where the students

are going during their free time, as well as staying with them at the residence. Teamers are also responsible for the organisation of the leisure activity programme. Students aged 17 and under are expected to observe a curfew and follow the full leisure programme. Students aged between 18 and 20 also enjoy the complete support of the Teamers, and while not bound by the leisure programme, they are encouraged to take part in any activities which are of interest to them.

**Our courses**

Regardless of your choice of course, you'll develop your language ability both quickly and effectively. Our Standard Course, of 20 lessons per week, aims to give a dramatic boost to your confidence in a foreign language, with focused teaching in all 4 skill areas: speaking, listening, reading and writing. Our Intensive Course builds on our Standard Course, with 10 additional lessons per week, focusing on the fastest possible language acquisition.

**Teaching time**

The Standard Course generally takes place between 9:00 and 12:30, Monday to Friday.

Students who choose the Intensive Course have additional lessons between 13:00 and 14:30. Teaching times can occasionally vary, depending on the course location, and classes are sometimes held in the afternoon.

Each lesson consists of 45 minutes of learning.

**Evaluation**

Students are placed into classes according to their current language skills. The majority of our students take an online language test prior to commencing their programme, however if this is not available, students may take the exam on the first Monday of their course.

Learning materials are provided to students throughout their course, and class sizes are on average 15 students per class.

Course Info	Course Type (variations may occur)	Days	Number of lessons	Learning time	Course timetable

Travel as you like

Transfer

Our U20 programmes offer the full package – students are in good hands from arrival to departure. Students will be picked up at the airport upon arrival and brought to their accommodation in comfort. For this, we require the student's full flight details at least 4 weeks before the course commencement.

Transfer time-windows vary depending on the destination and detailed information can be found on the individual school pages of this brochure. Students travel to and from the airport with their fellow classmates, most of whom they will be meeting for the first time.

The transfer provides students with the first of many opportunities to make new friends. Students generally check in to their accommodation in the afternoon, and vacate their room in the morning of the day of their departure. They may be asked to pay a key deposit when staying at a residence, which will be returned on their day of departure.

Meals, Allergies & Dietary Needs

We understand that sampling new food can play a big part in discovering a new country and its culture.

Students are provided with breakfast, dinner and either a cooked or packed lunch (which consists of a sandwich, a drink and a dessert/snack). Students always have the opportunity to try something typical of the country they are visiting.

Unaccompanied Minor Service

With our unaccompanied minor service parents are informed of the name, telephone number and the address of the transfer driver in advance of the start of the trip.

Please note that we only offer the unaccompanied minor service if this is required by the airline booked for the flight of your child.

Days of Travel	Day
Arrival	Sunday
Course start	Monday
Departure	Saturday

Snacks outside of mealtime may be purchased by the student individually.

Each year we welcome thousands of students to our schools and boast over 35 years' experience in catering to students with a variety of dietary needs. We ask you to let us know of any allergies/dietary requirements

when making your booking, as well as information about any medicines you take. This information is given to the Teamers and, if necessary, the home-stay.

Depending on the type of allergies/dietary requirements, a surcharge may be applied to cover the additional costs incurred in providing special food.

Your Stay

Accommodations

Accommodation

At Teenagers Abroad we understand that a good night's sleep can play an integral role in promoting effective learning. That is why we do everything possible to ensure your home away from home exceeds your every expectation.

We provide our guests with a range of accommodation options, with something to suit every taste and budget. But whichever option you choose, you'll feel at home from day one at Teenagers Abroad.

In rare cases we reserve the right to offer accommodation not identical to that mentioned in this brochure.

Homestay

Students staying at a homestay enjoy total immersion in their chosen language and culture. By staying with locals, students get to discover the customs and habits of their destination from the word go, sampling authentic local cuisine and discovering how the locals really live.

Learning continues when lessons finish. Our friendly homestays are experienced in hosting international students and play an integral part in their learning experience. Rooms are always shared with other fellow students of the same gender. Depending on the location, host families

may be located outside of the town centre, meaning students get to know parts of their destination which usually remain undiscovered by tourists. Most of the homestays offer Wi-Fi Internet. Where unavailable, students can take advantage of internet cafés in the local area.

Residence / College

At a residence, students usually stay closer to school than they would with a homestay, which means less travel time and more time enjoying their surroundings. Students who choose to stay in a residence, will get to stay with other language students from all over the world, allowing them to put their new language skills to use in a thoroughly international environment. Our Teamers also stay at the residence. Our Colleges offer accommodation and classes all in one place.

Club Village (Malta only)

Our Club Village in Malta is truly unique. The accommodation is right on campus, alongside the language school, swimming pool, restaurant and sports facilities.

Choose from a range of room types from a twin-bed room to a 7-bed dorm. Our Teamers also stay in the Club Village. Our breathtaking campus consists of striking limestone buildings which truly captures the spirit of this Mediterranean paradise.

Joint accommodation

If you're planning to travel with friends and would like to share your room with someone in particular please let us know well in advance so we can take this into consideration when allocating accommodation.

We can't guarantee all requests, but we will do our best!

Love to work with kids? Au Pair / Demi Pair

If you enjoy travelling, you can now experience a different country in a very special way – as an au pair. This is your chance to plunge into a whole new cultural experience. This programme is ideal, if you would like to make the most of your gap time, just before you start studying or working.

1. How to apply

The first step to take is to fill in the application form. Afterwards you will receive detailed documents including the forms for references and the health certificate. A personal letter to your host family and an image collection will complete your application.

2. Finding the perfect host family

After a further check of your application it will be passed on to our colleagues at your destination. The families will contact you either by email, skype or telephone.

3. Becoming acquainted with your host family

Chemistry is, of course, of utmost importance. Therefore you will be introduced to carefully selected host families only. You will find this approach especially beneficial to your learning ambitions and a satisfying experience on the whole.

To ensure that you have the correct foundations of your destination country's language, we can first teach you the fundamentals in one of our 30 centres worldwide and then help you to find the perfect host family. As an au pair, you'll experience your chosen culture first-hand, pick up the language quickly and also make life-

long friends. As your time as an au pair is certain to lead to you mastering the local language, this is the perfect example of how mutually beneficial being an au pair is for everyone involved. In some cases, families ask their au pairs to teach the children their native language.

Beijing

Strong contrasts.

The Forbidden City – home to Teenagers Abroad Beijing – is at the very heart of this majestic metropolis. Beijing has over 13 million inhabitants and is the political and cultural centre of China.

Regarded in more recent times as the trade and retail epicentre of Asia, Beijing retains a mysterious aura from the past. Having hosted the 2008 Olympic Games, the city has undergone substantial changes.
