>> WHAT WE LIKE:

By studying in several locations, it allows the student to see more of the country, and experience the regional differences in both culture and language. Students will spend a month in each city, live with a host family, study 4 lessons of Spanish daily and enjoy many cultural activities related to that region.

Live in three different cities / towns - experience the difference in regions, culture and atmosphere - experience regional dialects - live & eat with local host families - airport pick included at all locations - make new friends each month!

>> SCHOOL FACILITIES:

All schools are centrally located with well equipped classrooms, similar size and facilities offering access to the internet and e-mail, offer a good mix of international students and are close to all amenities.

>> PROGRAM CHOICES:
